Travel and Tourism Competitiveness Workshop with the World Economic Forum

The World Economic Forum will publish their latest report on global tourism competitiveness in April. At this important workshop, the WEF will present a special analysis of the European results. It offers members and associate members the opportunity to gain an in-depth understanding of the findings and of Europe's competitive strengths and weaknesses. The analysis will be presented at both a continental

and at a country level. The workshop will explore the implications of the results for NTOs, for the private sector, and for policy makers at a national and a European level. Senior level attendance is recommended.
